CLEVELAND HEIGHTS MUNICIPAL COURT

A. DEANE BUCHANAN, JUDGE

40 Severance Circle Cleveland Heights, OH 44118

March 10, 2005

Maria F. Hallabrin, Clerk

To: Council of the City of Cleveland Heights

Board of Commissioners, Cuyahoga County

Re: Cleveland Heights Municipal Court's Annual Report for 2004

The Cleveland Heights Municipal Court continues to place a premium on providing efficient and courteous delivery of quality service to all persons who appear before the court. In addition, we have continued to improve courtroom security and collection procedures by implementing technological and other advancements in these areas. In this, the court's 2004 annual report, I would like to bring to your attention the following matters:

This year the court remitted over \$2,284,624 of revenue from all divisions to the City of Cleveland Heights, an increase of over \$263,000 or more than 13% over last year's remittances. It should be noted that in the year 2003 the revenues remitted by the court to the city increased by 23% over the 2002 levels. That is to say the 2004 remittances now represent nearly a 40% increase over the 2002 remittances of funds to the city. The increased remittances to the City of Cleveland Heights are attributable to the increased volume of cases handled by the court and as well, to the **improved efficiencies** implemented within the court.

In 2000, the number of traffic charges handled by the court was 21, 029. In 2001 that number dropped to 15,753. In 2002 the number increased significantly to 22,102. In 2003 the number of traffic tickets issued and charges processed by this court increased even further to 23,900. In 2004 that number increased even further to 25,753 charges processed. It continues to be of significance that there is a steady increase in the number of charges for persons driving while under suspension or without valid drivers licenses, which nearly doubled in 2003, and has increased by an additional 80% in 2004. The number of speeding charges processed through the court in 2004 has increased by over 10%. In the criminal division, there were no significant increases in the number or types of cases heard by the court during the year 2004.

The court continues to make significant progress in its efforts to collect monies owed to the court. The court's strict enforcement of the policy that "all fines and costs are due on the day imposed", has resulted in an improved collection rate of fines imposed and in the reduction in the amount of outstanding fines and costs owed to the court from \$553,881 which existed at the time this Judge was elected in 2001, to \$390,200 at the end of 2004, a reduction of \$163,680 in outstanding funds due. Clearly the trend of annual increases in outstanding monies owed to the court has been reversed. We will continue, however, to look for ways to further improve in these categories. It should be noted that these efficiencies have been achieved with fewer court employees.

The Court continues to work on establishing a Policy and Procedures Manual that will, when implemented, more clearly define the court's administrative and operational policies and procedures. Our citywide forums in which procedures followed by the court in handling certain types of cases are discussed with citizens, has been well received. Improved technology and training of personnel has further improved security measures being implemented at the court. We look forward to further improving the level and quality of services provided in the Cleveland Heights Municipal Court in the future.

Respectfully submitted,

A. Deane Buchanan, Judge

These statistics are compiled from the monthly reports submitted to the Supreme Court of Ohio required under Superintendence Rule 12. Multiple charges filed against an individual as the result of the same act or a series of acts are only counted as ONE CASE. Individual criminal and traffic CHARGES appear elsewhere in this report.

Reactivated cases are those brought back to the current docket when the Court regains jurisdiction over a defendant such as an arrest on a warrant or a license forfeiture.

There are no reactivated cases in the Civil Division of the Court.

The figures above and those on the following page represent the number of individual traffic and criminal charges, plus parking complaints filed with the Court during the year 2004. The number of CASES filed are summarized on the Supreme Court Chart starting this section. The Rules of Superintendence for Municipal and County Courts provide that multiple offenses arising from the same incident or same set of circumstances by the same defendant are to be given only one case number and counted only as one case for the purpose of the monthly reports to the Supreme Court of Ohio. This is the basis for the difference you may see between the number of CASES and CHARGES. There are always more charges than cases filed.
